

## **Online Commerce Group Announces Inclusion in Inc. 5000**

*Online Commerce Group, LLC Ranks No. 784 on the 2010 List  
with Three-Year Sales Growth of 512%*

**Montgomery, Ala.** -- *Inc.* magazine ranked Online Commerce Group, LLC. (OCG) NO. 784 on its fourth annual Inc. 5000, an exclusive ranking of the nation's fastest-growing private companies.

The list represents the most comprehensive look at the most important segment of the economy – America’s independent-minded entrepreneurs.

Founded in 2004 by local entrepreneurs Scott McGlon and Gerry Monroe, OCG started with a few niche websites focused on selling upscale outdoor living products to residential and commercial markets. OCG has since expanded its Internet presence with more than 200 niche websites and posted a 512 percent three-year growth in revenue. OCG’s products have been featured in a variety of media outlets including Southern Living magazine and The Dr. Phil Show.

“We are thrilled to have been named by *Inc.* as one of the nation’s top entrepreneurial companies for the third consecutive year,” said McGlon. “Our phenomenal year-to-year growth is a direct result of the efforts of our team members who produce shopper-friendly websites that offer a unique selection of quality products many of which are custom designed by our customers using our online tools.”

OCG was ranked No. 2 in the Retail Industry listing for Alabama-based companies, ranked No. 8 across all industries for Alabama-based companies and ranked No. 34 in the Retail Industry listing among all companies in the 2010 List.

The Inc. 5000 is ranked according to percentage revenue growth from 2006 through 2009. Additionally, companies have to be U.S.-based, privately held, for profit and independent - not subsidiaries or divisions of other companies - as of the end of 2009.

“The leaders of the companies on this year’s Inc. 5000 have figured out how to grow their businesses during the longest recession since the Great Depression,” said *Inc.* president Bob LaPointe. “The 2010 Inc. 5000 showcases a particularly hardy group of entrepreneurs.”
