

Designer **CUSTOM** SOURCE

Welcome to our made-in-America, custom

# HOME!

We are thrilled you are here and applaud your arrival. Thank you for joining us as we celebrate this season with a debut copy of our Designer Custom Source catalog created with *you*, our designers, in mind. During your review at DesignerCustomSource.com, please allow your creativity to shine as you imagine using your own fabrics, trims and buttons.

# HISTORY

In early 2004, a dynamic group of seasoned professionals in Montgomery, Ala. realized an important gap in the custom market. Our specialties are custom products and customer service with a simple approach: exceeding all customer expectations through solid and consistent communication, meeting deadlines, and providing top quality products.

# FEATURES & BEN

A Dressage ballet of two...

## The **CUSTOM** client experience

We had the pleasure of supplying a beautiful custom window seat cushion and several designer throw pillows for Shannon and Daniel Logan.

In this natural approach, Shannon collected rich fall colors inspired by the equestrian country and the colors Daniel loves. Buckles, straps, buttons and branches repeat the nod to her lifelong hobby. This excellent turnout scores a perfect 10. Robert Allen fabrics from the Crypton Transitional and @home collections: rectangular flange pillow shown in Velvet Geo Truffle; square envelope button pillow shown in Soft Vines Pomegranate with coordinating envelope panel in Twinsburg Pomegranate; and bolster shown in Twinsburg Pomegranate.

“The customer service is exceptional. I would recommend them to anyone, whether it is for an individual, designer-client experience or a large scale commercial application.”

We thank Shannon and Daniel for this opportunity to showcase their home.

# 7 STYLES OF CURTAINS

## PINCH PLEAT CURTAINS

Also known as French Pleat, our Pinch Pleat Curtains are hand pleated, pre-pinned and ready for installation.

Designer Custom Source specializes in indoor and outdoor custom drapery. We strive to provide a wide selection of styles for all discerning interior needs.

# GOBLET PINCH PLEAT CURTAINS

Goblet Pinch Pleat curtains are hand pleated, pre-pinned and ready for installation. Choose the best look to cater to your custom indoor curtain needs and style.

# ROD POCKET PANELS

Finished with a rod pocket casing to accommodate your decorative rod, the Rod Pocket Drape is timeless in its simplistic design. Each custom panel is made with a pocket to accommodate a rod or pole. Pockets are made to your custom dimensions to ensure the correct fit.

# FLAT TOP CURTAINS

Flat Top Drapes are hemmed with a light stiffening fabric to give body. This curtain comes standard without rings or pins, so please specify your type of installation for construction purposes.

# TIE TOP PANELS

Choose your own style by creating bows or knots with your ties! Our Tie Tab curtains are made with premium quality, durable reinforced professional stitching. Tie tabs are 1" wide by 12" long for rods up to 2". There are seven ties on each 48" panel. Call for customizing tabs. Tie Tab Curtains are recommended as stationary panels.

# TAB TOP PANELS

These classic drapes are made with no rings or hooks, which creates a free-hanging drape with fabric tabs at the top. The matching fabric tabs slip directly over the drape rod. Tabs are 4"H x 3.5"W.

A line drawing showing four grommet panels hanging from a rod. Each panel is rectangular with a grommet at the top center. The panels are arranged side-by-side, and the drawing is overlaid on a background of a textured curtain fabric. A solid red horizontal bar is positioned below the drawing.

# GROMMET PANELS

Our Grommet Curtains are made flat without pleats. Once a single width panel is installed on a rod, it can be adjusted between 24" and 33". We offer rust-resistant grommets in a variety of sizes and finishes. Choose from five grommet finishes: antique bronze, antique copper, bronze, matte nickel or nickel. Sizes available are 1 7/16", 1 9/16", 2", 2 1/2", 3" and 1 9/16" (square).

# WINDOW SEATS AND PILLOWS

There's no place like home for the holidays, especially with a custom window seat that has room for children of all ages.

All fabrics shown are Robert Allen: from the Honeysuckle color library, window seat cushion shown in Tex Weave Gold; from the Poppy and @home collections, bolster in Patch Poppy and Velvet Geo Truffle, rectangular flange in Velvet Geo Truffle, round with button in Weave Works Poppy and square flange in Fun Loops Poppy; draperies in 100% silk dupioni shown in Frozen Dew.

# OUTDOOR CUSHIONS

Relax, you're home and so deserving of a custom retreat. Settle in and dream a little dream in deep chaise seating of classic Sunbrella stripes shown in Maxim Cocoa's soothing and tranquil neutral palette.

A large teal market umbrella is the central focus, set on a patio with other umbrellas and lounge chairs. The background shows a clear blue sky and the ocean. The text is overlaid on a dark grey rectangular area.

# UMBRELLAS

Experience salty air, cool calm breezes, and a cloudless sky. Take a healthful deep breath under the protection of this shade-loving market umbrella shown in Sunbrella Deep Sea from the Mayfield Awning Collection. Umbrella canopies are made of Sunbrella Awning grade fabrics.

# GENERAL SPECIFICATIONS

Our pleated drapes are hand pleated, pre-pinned and ready for installation. All curtains are carefully crafted by efficient mechanical sewing; however, all meticulous detail is sewn by hand.

## Lining Options

Single lining – standard 70% polyester / 30% cotton

Interlining – classic napped 100% cotton

Thermal light fusing – 70% polyester / 30% cotton

## Standard for Hem Allowance

3" bottom, and 1 ½" side.

## Sewing Thread Information

Volpolyray 30 (T-60) is polyester wrapped polyester core sewing thread designed to provide excellent performance in the sewing of medium weight fabrics.

## CURTAIN LENGTHS

### Floor Length

The curtains are positioned ½" off the floor. This length is best for traversing curtains. To measure for Floor Length curtains, measure from the bottom of your pole to ½" above the floor.

### Trouser Length

The curtains are positioned at floor level. This length is best for stationary curtains. Stationary panels are not recommended to be moved. To measure for Trouser Length curtains, measure from the bottom of your pole to floor level.

### Puddle Length

The curtains have approximately 4–8" in length added beyond the floor. This length provides a more dramatic look and is best for stationary panels. Stationary panels are not recommended to be moved. To measure for Puddle Length curtains, measure from the bottom of your pole to the floor. Add 4–8" to your length, depending on how much you want your curtains to puddle.

## PRODUCTION TIME

We pride ourselves in completing a 15-day turnaround once we have received your order and COM materials. Please note that our production times may vary due to seasonal demand, and we also accept rush orders.

## SHIPPING

Items ship via FedEx or UPS (depending on your zip code). Once shipped, you will receive a tracking number via the email address you provide. Ground shipments usually arrive within 2–5 business days. Please inspect the package when it arrives to review if damage occurred during shipping. If a box is crushed, wet or severely damaged, reject the shipment and do not sign for it. The item will be returned to us, which allows us to file a claim.

All of our custom products are proudly made in America.
