## side view

## product finish

The functional surfaces of our furniture are covered in a copolymer-based thermoplastic powder coating. Thermoplastic is environmentally safe, the coating will never fade, crack, peel, warp, or discolor for the life of the product. Thermoplastic is applied at a thickness of 25-30 mils.

Tubular legs and understructure parts are made from galvanized steel and are finished with black polyester powder coating.

## mounting types

P = Portable : no mount

SM = Surface Mount:  
concrete anchors  
through discs welded  
to legs
